

Eastside Domestic Violence Program

2006 Fact Sheet

Our mission is to end domestic violence by changing individual, institutional and societal beliefs, attitudes and behaviors that perpetuate it. To achieve this we will work with the community to:

- PROVIDE services in East and North King County to people, primarily women and children, who have experienced physical, emotional or sexual abuse;
- PREVENT domestic violence through advocacy, education and support.

Since 1982 Eastside Domestic Violence Program (EDVP) has provided safety, support and accessibility to an estimated 85,000 victims and their children. EDVP believes that domestic violence will end only when individuals, institutions and society as a whole join together to demand an end to abuse. EDVP supports a comprehensive, coordinated response to domestic violence by working together with systems, organizations, community groups and individuals to end domestic violence.
