Vision

Domestic violence is a human rights issue. Eastside Domestic Violence Program (EDVP) envisions a world in which every person lives in a safe environment, free from oppression and with the opportunity to thrive.

Mission

Our mission is to end domestic violence by changing individual, institutional and societal beliefs, attitudes and behaviors that perpetuate it. To achieve this we work with the community to:

- PROVIDE services in East and North King County to people, primarily women and children, who have experienced physical, emotional or sexual abuse;
- PREVENT domestic violence through advocacy, education and support.

Since 1982 Eastside Domestic Violence Program (EDVP) has provided safety, support and accessibility to more than 100,000 victims and their children.
